Inner State Beauty School works cooperatively with local law enforcement agencies when necessary; however, there are no written memoranda of understanding agreements between Institution and local law enforcement agencies to investigate alleged crimes. Inner State Beauty School does, in good faith effort, contact local law enforcement agencies to obtain data on *Clery Act* crimes that occurred on or near the campus. Not all agencies respond to our requests for data. Inner State Beauty School does not have a police or security department and no Inner State Beauty School employee or staff member possesses arrest authority.

Confidential Crime Reporting

Victims of crime may not want to pursue action with Inner State Beauty School or the criminal justice system and may still want to consider making a confidential report. With permission, the Campus Director or a designee of Inner State Beauty School can complete an incident report on the details of the incident without revealing the victim's identity. The purpose of confidential reporting is to comply with the wish to keep matters confidential while taking measures to keep the campus community safe. With such information, Inner State Beauty School can keep accurate records and become aware of any patterns of crime that may warrant action. Reports filed in this manner are counted and disclosed in the annual crimes statistics for Inner State Beauty School.

Inner State Beauty School does not employ or contract with any pastoral counselors who provide confidentiality services to students or employees. However, Inner State Beauty School provides assistance in obtaining an appropriate referral to a counseling or rehabilitation agency for students and employees.

Emergency Response and Evacuation

Response and Evacuation Procedures

Emergencies are unexpected events which must be dealt with urgently to protect the health and safety of others. Emergencies may be related to natural disasters such as earthquakes, criminal activity such as armed robberies, environmental disasters, or highly contagious health concerns. Inner State Beauty School issues an Emergency and Safety Information Handbook that includes emergency response and evacuation procedures and outlines actions staff, faculty, and students must take to protect their mutual health and safety.

Inner State Beauty School will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate its Emergency Notification System (ENS), unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency. The Campus Director and the Compliance Officer have the authority and are responsible for overall management and administration of the plan. The entire campus community will be notified when there is at least the potential that a very large segment of the community will be affected by a situation or when a situation threatens the operation of the campus as a whole.

The Campus Director or Assistant Campus Director will create the notification and Inner State Beauty School's Registrar, Compliance Officer, and/or Operations Manager will be responsible to notify students/employees. If deemed necessary, the outside of the campus community will be notified of the emergency through local law enforcement and/or public health agency. In addition, Inner State Beauty School's administrative staff will contact parents, guardians, spouses and those listed as emergency contacts by the student via phone. Other staff and faculty members may be designated as back-ups and to assist with assigned tasks.

Emergencies are identified by campus staff, by other campus community members, emergency alert radio, and forms of public media and notification. Anyone wishing to report an emergency should contact the Campus Director or Compliance Officer or other available administrative staff as soon as safely possible using the most efficient means available.

Upon confirmation of a significant on campus emergency or dangerous situation involving an immediate threat to the health or safety of students and employees, the Campus Director or Compliance Officer will issue an emergency notification and also notify the appropriate local emergency response teams, law enforcement, and individuals on campus who are in harm's way. Local authorities will determine when and if it is necessary to notify the surrounding community. The Campus Director or Compliance Officer will determine what information should be contained in the alert. Campus alerts may be issued via classroom announcement, alarm, or any combination of methods determined to be necessary. Students and employees should regularly check for a text message from Inner State Beauty School. The alerts will identify the appropriate action to take in an effort to have students and employees avoid the confirmed danger and minimize injuries. Depending on the situation, additional alerts will be disseminated as information becomes available.

Evacuations to safe locations will be implemented when necessary and proceed in an organized manner per policy and procedure. All students are required to comply with the plan and the directions given to them by campus safety staff, faculty, or public emergency response teams or law enforcement agencies during actual emergencies and drills for their personal safety. At no time during an actual campus emergency or drill shall students be permitted to leave the campus unless directed to do so.

The plan, including any updates, is reviewed with new students and employees during orientation, and at a number of faculty meetings during the year. Evacuation routes are identified in each classroom and other areas the Campus Director deems necessary.

Emergency response and evacuation drills are conducted, at minimum, annually and all student, faculty, and staff participate and conduct themselves appropriately. Tests may be announced or unannounced at the discretion of the Campus Director. Tests are evaluated for needed improvement. At a later drill any needed improvements will be tested, and if successful, included in the campus procedures. If not successful, different approaches will be tried until acceptable results are achieved.

Students and employees are encouraged to be responsible for their own security and the security of others. Employees and students are expected to follow safe practices while on campus property. Following safe practices will reduce the possibility of accidental emergencies, and increase the effectiveness of the campus response to unforeseen emergencies.

The campus community is obligated to report all unsafe activities, potential and real emergencies, and/or criminal activities to the Campus Director or Compliance Officer as soon as possible. Persons responsible for carrying out the emergency response and evacuation procedures include: Campus Director, Compliance Officer, and Operations Manager.

Timely Warnings for an Emergency

In the event of an ongoing or continuing threat to the school community, a timely warning is issued verbally, notices are posted on the school bulletin board. Students due to arrive at the school will be notified prior to their start time by email, text or phone call. Timely shall be defined to mean immediately or as immediately as possible under the circumstances. The intent of a timely warning is to provide adequate information necessary to enable the school community to protect themselves when a significant emergency or dangerous situation occurs. The content of the timely warning will not disclose information that may compromise law enforcement efforts. Anyone with information that warrants a timely warning should report it immediately to the School Manager or School Director.

Facilities Security and Access

The campus facilities are open during day and evening business hours and are accessible to students, employees, contractors, guests, and invitees. The campus is secured during non-business hours by locking doors and are only accessible by issued key. Maintenance personnel enter the facilities during the evening or early morning non business hours by issued key. Inner State Beauty School does not have on or off campus residences or official off campus student organizations. Inner State Beauty School does not have a security or police department. Facilities and landscaping are maintained in a manner that minimizes hazardous conditions. The Campus Director, Compliance Officer, or Operations Manager regularly reviews the campus and reports malfunctioning lights and other unsafe physical conditions to Inner State Beauty School's Operations Department for correction.

Security Awareness Programs for Students and Employees

Safety and security awareness programs are in place for students and employees. The common theme of awareness and crime prevention programs are to encourage students and employees to be aware of their responsibility for their own security and the security of others. The safety rules, including crime prevention, are available in Inner State Beauty School's Student Handbook and is reviewed with students during orientation. Security, including crime prevention, is reviewed with employees at hire dates and during a number of staff and faculty meetings during the year.

Instructors are reminded with a memo at the beginning of each start that they are required to discuss emergency evacuation procedures and safety policy on

the first day of class. Visual emergency exiting layouts are posted at the entrances of all campus rooms and Emergency Classroom Procedures shall be posted in each lab.

In the event of eminent danger or immediate emergency, information is released through text message, and campus announcements via administration paging system.

Sexual Offense Policy and Other Information

Inner State Beauty Schools required by the Clery Act to include in its Annual Security Report information about Sex offense policy and procedures, prevention and how to access information on registered sex offenders in the campus community.

Sexual Offense Policy

Sexual assault is not tolerated by Inner State Beauty School. Inner State Beauty School will promptly investigate all allegations of sexual assault and take appropriate action where required. For instance, Inner State Beauty School will change a student’s academic schedule in order to protect the victim of a sexual offense.

What to do if you are Sexually Assaulted

If you are a victim of a sexual assault, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. Inner State Beauty School strongly advocates that a victim of sexual assault report the incident in a timely manner. Time is a critical factor for evidence collection and preservation. Victims of an assault should be reported directly to the local law enforcement agency but reporting is at the victim’s discretion. In addition, the Campus Director or Compliance Officer will assist the student in notifying these authorities at the student’s request. Numbers to local law enforcement agencies are as follows:

Campus	Local Law Enforcement Agency	Phone #
Inner State Beauty School	City of Lyndhust Police Department	9-1-1 (440) 442-1234

Filing a police report with the local law enforcement agency will not obligate the victim to prosecute. Filing a police report will:

- Ensure that a victim of sexual assault receives the necessary medical treatment and tests at no expense to the victim;

- Provide the opportunity for collection of evidence helpful in prosecution which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam); and
- Assure the victim has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention.

Sexual Assault Counseling Services

Inner State Beauty School does not provide on-campus or off-campus counseling services. However, Inner State Beauty School can and will refer the victim to a non-related, outside counseling service such as a local rape counseling center. In addition, Inner State Beauty School offers the Employee Assistance Program Referral for all employees that request such assistance.

Sexual Assault Disciplinary Action

The victim of a sexual assault may choose for the investigation to be pursued through the criminal justice system and Inner State Beauty School or only the latter. To initiate disciplinary action against a student or employee for sexual assault, a report must be made to the Campus Director or Compliance Officer.

The following disciplinary procedures will be conducted in cases of an alleged sex offense:

- Inner State Beauty School will delegate an investigator to review the specifics in the case, interview the accuser and accused, and any witnesses.
- Inner State Beauty School will conduct a meeting during which the accuser and the accused are entitled to participate and have the option of one person who has had no formal legal training to accompany them throughout the meeting.

APPENDIX B

HEALTH RISKS ASSOCIATED WITH ALCOHOL

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required in driving a car safely, increasing the likelihood that the driver will be involved in a car accident. Low to moderate doses of alcohol also increases the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol caused marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms including severe anxiety, tremors, hallucinations and convulsions. Alcohol withdrawal symptoms can be life threatening. Long term consumption of large quantities of alcohol, particularly when combined with poor nutrition can also lead to permanent damage to vital organs such as the brain and liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.

As described in What Works: Schools Without Drugs (1989 Edition, Department of Education).

(2) Prior to receiving any fine moneys under division (F)(1) of this section or division (B) of section 2925.42 of the Revised Code, a law enforcement agency shall adopt a written internal control policy that addresses the agency's use and disposition of all fine moneys so received and that provides for the keeping of detailed financial records of the receipts of those fine moneys, the general types of expenditures made out of those fine moneys, and the specific amount of each general type of expenditure. The policy shall not provide for or permit the identification of any specific expenditure that is made in an ongoing investigation. All financial records of the receipts of those fine moneys, the general types of expenditures made out of those fine moneys, and the specific amount of each general type of expenditure by an agency are public records open for inspection under section 149.43 of the Revised Code.

Additionally, a written internal control policy adopted under this division is such a public record, and the agency that adopted it shall comply with it.

(3) As used in division (F) of this section:

(a) "Law enforcement agencies" includes, but is not limited to, the state board of pharmacy and the office of a prosecutor.

(b) "Prosecutor" has the same meaning as in section 2935.01 of the Revised Code.

(G) When required under division (D)(2) of this section or any other provision of this chapter, the court shall suspend for not less than six months or more than five years the driver's or commercial driver's license or permit of any person who is convicted of or pleads guilty to any violation of this section or any other specified provision of this chapter. If an offender's driver's or commercial driver's license or permit is suspended pursuant to this division, the offender, at any time after the expiration of two years from the day on which the offender's sentence was imposed or from the day on which the offender finally was released from a prison term under the sentence, whichever is later, may file a motion with the sentencing court requesting termination of the suspension; upon the filing of such a motion and the court's finding of good cause for the termination, the court may terminate the suspension.

(H) In addition to any prison term authorized or required by division (C) of this section and sections 2929.13 and 2929.14 of the Revised Code, in addition to any other penalty or sanction imposed for the offense under this section or sections 2929.11 to 2929.18 of the Revised Code, and in addition to the forfeiture of property in connection with the offense as prescribed in Chapter 2981. of the Revised Code, the court that sentences an offender who is convicted of or pleads guilty to a violation of division (A) of this section may impose upon the offender an additional fine specified for the offense in division (B)(4) of section 2929.18 of the Revised Code. A fine imposed under division (H)(1) of this section is not subject to division (F) of this section and shall be used solely for the support of one or more eligible community addiction services provider in accordance with divisions (H)(2) and (3) of this section.

(2) The court that imposes a fine under division (H)(1) of this section shall specify in the judgment that imposes the fine one or more eligible community addiction services provider for the support of which the fine money is to be used. No community addiction services provider shall receive or use money paid or collected in satisfaction of a fine imposed under division (H)(1) of this section unless the services provider is specified in the judgment that imposes the fine. No community addiction services provider shall be specified in the judgment unless the services provider is an eligible community addiction services provider and, except as otherwise provided in division (H)(2) of this section, unless the services provider is located in the county in which the court that imposes the fine is located or in a county that is immediately contiguous to the county in which that court is located. If no eligible community addiction services provider is located in any of those counties, the judgment may specify an eligible community addiction services provider that is located anywhere within this state.

The eligible community addiction services provider that receives the fine moneys shall use the moneys only for the alcohol and drug addiction services identified in the application for certification under section 5119.36 of the Revised Code or in the application for a license under section 5119.391 of the Revised Code filed with the department of mental health and addiction services by the community addiction services provider specified in the judgment.

(4) Each community addiction services provider that receives in a calendar year any fine moneys under division (H)(3) of this section shall file an annual report covering that calendar year with the court of common pleas and the board of county commissioners of the county in which the services provider is located, with the court of common pleas and the board of county commissioners of each county from which the services provider received the moneys if that county is different from the county in which the services provider is located, and with the attorney general. The report shall include statistics on the number of persons served by the community addiction services provider, identify the types of alcohol and drug addiction services provided to those persons, and include a specific accounting of the purposes for which the fine moneys received were used. No information contained in the report shall identify, or enable a person to determine the identity of, any person served by the community addiction services provider. Each report received by a court of common pleas, a board of county commissioners, or the attorney general is a public record open for inspection under section 149.43 of the Revised Code.
